Rig Wash Citrus:

This advanced formula degreaser/ deodorizer utilizes the best available natural materials to keep pace with today's environmental regulations. Powerful all organic, biodegradable, solvents are specially blended to outperform most conventional petroleum based solvents plus have the added advantage of being water dilutable.

The multipurpose concentrate instantly emulsifies grease, oils and fats without the use of harsh acids, caustics/alkalines, petroleum distillates, butyl solvents, chlorinated solvents.

The combined degreasing/deodorizing ability makes it an excellent choice for maintaining drains, grease traps, and other sewer/septic applications as well as for treating dumpsters, trash receptacles, sewer plants, garbage trucks, and more.

Application:

This organic extract based product has an extremely powerful and pleasant natural citrus fragrance to deodorize effectively even under the most extreme conditions. The vapors from this product leave the area smelling clean and ORANGE. Ideal uses for this product include degreasing concrete floors, equipment, trucks, motors, and metal surfaces.

It is safe for use on many plastics, glass, and a variety of painted surfaces. This product will remove most resins, adhesives, printing inks, decals, dirt and soil, and most petroleum based substances such as tar, asphalt, grease, oil, and even rubber tire marks.

Dose:

When mixing with water, always allow time for a uniform emulsion to be formed as evidenced by a milky white changing of color.

Surface Degreasing: Dilute with water 2-4 ounces per gallon and apply by brushing, spraying or mopping. Allow solution to stand for 5 minutes. Rinse thoroughly.

For removal of stubborn spots, apply undiluted and rinse off with water.

Odor Control: Dilute with water 2 ounces per gallon and apply by brushing, spraying or mopping.

Drain Cleaning: Apply product undiluted 6-8 ounces directly into the drain. Let stand for 1 to 2 hours. Flush drain with hot water.

General Purpose Cleaning: Dilute 16 ounces (pint) of product per gallon of water and apply by brushing, spraying or mopping. Allow solution to stand for 2 minutes. Rinse thoroughly.

Heavy Duty Cleaning: Spot Cleaning of Stubborn Soil/Tar and Asphalt Removal: Apply product undiluted by spraying or wiping onto surface. Brush or agitate if required and repeat as necessary. Wipe clean with shop cloth and/or

Note:

AREAS OF USE: To be used in rendering plants, for industrial waste, garbage disposal areas, kennels, stables, septic tanks and on dead animals, schools, hospitals, nursing homes, and any cafeteria where they have a grease trap. It is used to control grease and odor in grease traps, sewer lines and waste treatment plants. It is an excellent general purpose, heavy duty industrial degreaser and tar and asphalt remover for shops, maintenance, and plant applications.
