Rig Wash Liquid Concentrate

Part/Order no:

RXSOL-16-1014-025
RXSOL-16-1014-210

Packing

25.00 Ltr.
210.00 Ltr.

Description

Specially designed to used in any pressure washing machine range or mopping. Its High penetration formula deep into recesses and crevice of equipment and machinery to chase out soils without disassembling. The resultant run-off will not harm tarmac or asphalt and painted surfaces.

Application

RXSOL-16-1014 is a heavy duty water based cleaner for use with high pressure cleaning machines. Ideal for difficult cleaning problems faced in industrial and other plants. Also can be use in tank cleaning or general degreasing of engine rooms, cargo hold, refrigerated rooms etc. It can be used with either hard or soft water. Also available in powder form.

Dose

Can be used through hot or cold pressure washing machines to penetrate, loosen and flush away hardened grease, dirt and grime. Apply the solution from the spray lance working upwards. Always test first with small area for the best dilution rate. (In general terms 20-50 % with fresh water) Also available in powder form.

Note

Rig Wash and pressure cleaner is for all temperature has a powerful and fast wetting and penetrating action which enable it to remove heavy deposits of oil, dirt and grease from concrete or metal surfaces, vessel bilge decks, engine room and drill floor etc. Also acts as an acid-neutralizing agent for Boiler & Colling systems during cleaning & ma intenance . Free from caustic

Why it is better then others cleaner ?
